REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING JULY 7TH, 1859.

TURPENTINE-Continued to rule steady at last Thursday's quotations up to Monday, when hard declined 25 cents, and on Tuesday a decline of 25 cents on virgin-the market closing on that day at \$3 for virgin and yellow dip, and \$1 50 for hard. At the time of closing our review the demand is confined to distillers, as shippers generally have withdrawn from the market. The arrivals for the week ended this morning have been better, the sales footing up

We

quote sales for the week of only 1,870 bbls., as follows:

Thursday ... 300 bbls. at 40 cents # gallou. Friday 800 " " 40 ". Tuesday 310 404

Rosin-We have nothing new to report in the market for the finer grades during the week just ended. Both Pale and red \$1 50. Corn is firmer; white and yellow 82 a 83 cents. No. 1 have ruled decidedly dull, and the market has been in Provisions are dull; Bacon sides 91c., mess Pork \$17 .a depressed condition. No sales have taken place in Pale, and we quote nominally at \$3 to \$4, as in quality. In No. 1 we hear of only one lot (200 bbls.) having changed hands on Friday last at \$2 to \$2 50 per bbl.-closing dull at these since our last no sales have transpired; nomi al at \$1 40 to \$1 50 % bbl. In the Common article we also have to report a quiet market, with meagre transactions for the week, at a shade decline on previous quotations; the receipts, however, continue small, and there is a very light stock on market. The sales comprise only 600 bbls. on Friday at \$1 321, 1,000 do. on Wednesday at \$1 30, and 179 do. at \$1 271, and 500 do.

this morning at \$1 30 per 310 lbs. TAR-Continues to be in moderate demand for shipment and the arrivals have been exceedingly light for some time past. Received for the week only about 250 bbls., which have found ready sale at \$1 80 per bbl.

BEEF CATILE AND SHEEP .- There continues to be an ac tive demand for beeves, and the stock in butchers' hands is unusually light for the season, the arrivals for a few weeks past having been confined to two or three small droves .-We quote at 6 a 61 cents per lb. for grass fatted, as in quality. But few SHEEP have been brought to market lately, and we note some enquiry; there is, however, a moderate supply in butchers hands, and only a prime article finds ready sale. About 90 head were received a few days since,

nothing in the way of sales has transpired. There is a moderate supply in first hands, and little or no demand exists.—

pool Sack, \$1 25. @ 0 00; Turpentine—Yellow dip, \$2 40 @ 0 00; Virgin, \$2 75 @ 0 00; Hard, \$1 25 @ 00; Spirits, Second hand ones are nominal at \$1 60 to \$1 65 for lots as they run, and \$1 80 to \$1 90 each for selected. CORN MEAL-Continues to arrive sparingly, and the sup-

ply at present on market is very light. We notice a fair demand, and quote at \$1 10 a \$1 20 per bushel, as in quantity. COTTON-Is in fair demand, but the small quantity on market being held above the views of buyers, no transactions have taken place. We quote at 101 to 111 cents # Ib. for low to good middling.

FLOUR-In this article we have no material change to report since our review of this day week. The quantity received for the past two or three weeks has been exceedingrepresent the wholesale price. In filling small orders, highbecome very much reduced, and is at present quite light; the demand, however, continues to be limited, and no sales worthy of note have taken place with the exception of a lot of 100 bbls. on Tuesday at \$6 75 \$ bbl. for superfine. At the close there appears to be more firmness on the part of holders, owing mainly to the light stock in store, and su-

perfine is generally held at \$7. GRAIN .- In the Comn market we have to report a decidedly better feeling than noted at the close of our last review, the meagre arrivals for two or three weeks past having caused the stock on market to become materially reduced, and it is at present quite light; we learn, however, that several parcels are now daily looked for. None has been received during the past week, consequently no sales have taken place except in the small way from store. There is a brisk demand from dealers, and a few cargoes would sell. Pork is dull and prices are easier, though quotations are unbrisk demand from dealers, and a few cargoes would sell readily at a slight advance on previous quotations. In the absence of sales we quote nominally at 92 to 95 cents per bushel-the latter price for a prime article. P. S. This morning we note the receipt by dealers of about 7,000 bushels Northern, which is going into store .- OATS .-None received for the past week; stock small, and fair demand from dealers. See table for quotations .- PEAS .-Cow have been brought to market sparingly for some time, and the stock in dealers hands has become considerably reduced; there is, however, only a light demand. We quote Java, 18 a 20c. Sugar-Loaf 14 a 16c; brown 00 a 00c. Mo-Cow at 90 to 95 cents per bushel. --- Rice. -- In clean we have no change to report; in moderate stock, and demand light. Selling by the quantity at 4 to 44 cents per lb.

HAY-Remains about as last reported. There is only a moderate supply in dealers hands, and, with a fair demand the market has ruled steady. Only one lot of 250 bales Eastern has been received since our last, and changed hands | for Fair to Good. at \$1 per 100 lbs. No arrivals of Northern.

LIME-Dealers have a fair supply on hand, and only a limited demand exists. We quote from store at \$1 10 per cask, in quantities to suit purchasers.

Molasses-We have no change of consequence to report in the market for this article. There is a fair stock of Cuba | the last week .- Democrat. in first hands, and we note only a retail business doing .-Small sales from store and wharf (in hhds.) at 25 to 27 cents per gallon, as in quantity and quality. A lot of 100 hhds.,

12 tcs. and 12 bbls., was received a few days since and stored, and is held at above prices. POTATOES .- The market is moderately supplied with Irish and we notice only a light demand. Sell from carts at 75

to \$1 per bushel, as in quality. Provisions .- For N. C. cured Bacon we notice more enquiry during the past week, -no receipts, however, and consequently we have no sales to report. There is none remaining in first hands, and the supply on market is exceedingly light. We advance rates a shade, and quote at 12 a 124 cents for hog round, and 134 a 14 cents #2 fb. for hamsto obtain highest figures, however, it must be a prime article. P. S .- This (Thursday) morning 4,000 lbs. changed 84 hands at 124 cents per th. for hog round. The market continues to be very well supplied with Western, and, with a limited demand, has ruled rather dull. We quote at 8½ a 8½ cents for shoulders, and 10½ a 10½ cents 7½ & lb. for sides—at which figure we learn of only small sales | W. Peirce. from store. LARD-Is in rather light stock, and the market rules firm. We quote a fair demand at 121 cents for A. E. Hall. N. C., and 12 cents ⊕ lb. for Western make.——Pork— Remains unchanged in price. There is merely a retail demand, and we note a moderate stock of Northern on market. | with mdze. See table for store rates.

SALT-The market is very well supplied, and rules quiet. A lot of 300 sacks Liverpool ground was received coastwise | with mdze. on Saturday last, and sold at 85 cents @ sack, 90 days ;selling from store at 90 cents to \$1 \$ sack, as in quantity .-Alum is dull at 16 to 18 cents # bushel. Shingles-No sales reported. Quotations in table are
